The entrance is via the University De Havilland Campus, Mosquito Way. Park in the University Car Park, at the end furthest from the entrance. You cannot park beyond the barrier at the far end (by the Club De Havilland).

Any parking bays coned or roped off by the unmanned barrier should be reserved for visiting bowlers. We cannot, however, guarantee that reservations will be in place. If spaces have not been reserved then, from Monday to Friday up until 4.30pm, there is charge, although for visiting bowlers it is normally free. Check with the Security guard on entry.

To the green, walk past the barrier and the front of the Club de Havilland. The green is facing you over the road (Albatross Way).

**DO NOT** park on Albatross Way, even for a few minutes, as this is a clamping area. There is no vehicle access to the green, Albatross Way or the University from St Albans Road West. Electronic barriers restrict access to buses only.
